This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. 60TH CONGRESS, 1st Session. } HOUSE OF REPRESENTATIVES. { DOCUMENT No. 31.

REPORT OF FINANCES AND DETAILED STATEMENT OF EXPENDITURES OF POST-OFFICE DEPARTMENT, 1907.

LETTER

FROM

THE POSTMASTER-GENERAL,

TRANSMITTING

A REPORT OF THE FINANCES OF THE POST-OFFICE DEPARTMENT, A STATEMENT OF THE EXPENDITURES FOR THE PRECEDING FISCAL YEAR, AND ESTIMATES OF REVENUE AND EXPENDITURES FOR FISCAL YEARS CURRENT AND SUCCEEDING.

DECEMBER 3, 1907.—Referred to the Committee on the Post-Office and Post-Roads and ordered to be printed.

POST-OFFICE DEPARTMENT,
OFFICE OF THE POSTMASTER-GENERAL,
Washington, D. C., November 29, 1907.

SIR: I have the honor to transmit herewith the following reports for the information of Congress, in accordance with the terms of section 413 of the Revised Statutes as amended by the act of Congress approved March 3, 1897:

First. A report of the finances of the Department for the preceding year, showing the amount of balances due the Department at the beginning of the year, the amount of postage which accrued within the year, the amount of engagements and liabilities, and the amount actually paid during the year for carrying the mail, showing how much of the amount was for carrying the mail in preceding years.

Second. A report of the amount expended in the Department for the preceding fiscal year, including detailed statements of expenditures made from the contingent fund.

The third report is submitted in conformity with the terms of the act of Congress approved March 2, 1907, which provides that—

The Postmaster-General shall each year prepare and submit in his annual report to Congress estimates of the revenue and expenditures in the postal service for the fiscal year current, and also for the fiscal year next ensuing at the time said report is submitted, together with a statement of the receipts and expenditures for the preceding completed fiscal year.

Respectfully,

G. V. L. MEYER,
Postmaster-General.

The SPEAKER OF THE HOUSE OF REPRESENTATIVES.

Statement of the appropriations, expenditures, and balances unexpended on account of the postal service for the fiscal year ended June 30, 1907.

WAR DEPARTMENT,
Washington, December 2, 1907.

SIR: In accordance with the requirements of section 1 of the act of Congress approved March 3, 1883 (22 Stats., p. 564), I have the honor to transmit herewith a printed copy of the report of the Board of Commissioners of the Soldiers' Home, District of Columbia, for the fiscal year ended June 30, 1907.

Very respectfully,

ROBERT SHAW OLIVER,
Acting Secretary of War.

The SPEAKER OF THE HOUSE OF REPRESENTATIVES.

REPORT

OF THE

BOARD OF COMMISSIONERS OF THE SOLDIERS' HOME.

THE SOLDIERS' HOME,
OFFICE OF THE BOARD OF COMMISSIONERS,
Washington, D. C., July 16, 1907.

SIR: Under the requirements of section 1 of the act of Congress approved March 3, 1883, prescribing regulations for the Soldiers' Home in the District of Columbia, I have the honor to submit this report of the Board of Commissioners of the Soldiers' Home for the year ended June 30, 1907, and to invite attention to the following table showing the changes that have occurred in the number of beneficiaries during that period:

	Regular.	Temporary.	Total.
On the rolls June 30, 1906	1,327	41	1,368
Admitted since	318	165	483
Readmitted	333	.....	333
Total	1,978	206	2,184
Withdrawn from the Home	460	.....	460
Dropped, dismissed, etc	94	58	152
Died	112	7	119
Transferred to permanent roll	.....	121	121
Total	666	186	852
Leaving on the rolls June 30, 1907	1,312	20	1,332

This shows a decrease of 36 beneficiaries on the roll since the last annual report.

The total number (1,332) on the rolls June 30, 1907, is accounted for as follows: Present at the Home, 927; on outdoor relief, 232; in the Government Hospital for the Insane, 38; on furlough, 16; absent without leave, 4; absent sick in the general hospital at Fort Bayard, 100; suspended, 14; and sick at Fort Huachuca, Ariz., 1.

The daily average number of inmates present during the year was 965. Last year the average was 938, and the preceding year 921.

The total number of deaths was 119; last year it was 98. Of the 119 deaths, 69 occurred in the Home hospital, 18 on outdoor relief, 4 in the Government Hospital for the Insane, 23 at the general hospital at Fort Bayard, 3 in quarters at the Home, 1 in Washington, and 1 on furlough.

The following statement shows the amount of the permanent fund of the Home deposited in the United States Treasury, and the amount received and expended at the Home during the year:

PERMANENT FUND.

Balance in the United States Treasury June 30, 1906		$4,359,134.67
Settlement by the Treasury Department during the year	$556,455.00	
Amount withdrawn for current expenses	470,700.00	
Increase to permanent fund		85,755.00
Balance in United States Treasury June 30, 1907		4,444,889.67

ACCOUNT OF THE TREASURER OF THE HOME.

Remaining on hand June 30, 1906		$76,846.79
Received during the year:		
From the permanent fund		448,700.00
Interest on the permanent fund		127,445.42
Effects of deceased inmates subject to demand of legal heirs		3,339.65
Miscellaneous receipts		16,336.77
Total to be accounted for		672,668.63
Disbursements:		
Current expenses	$392,567.15	
Permanent improvements	243,987.67	
Total disbursements		636,554.82
Balance on hand June 30, 1907		36,113.81

Some of the principal items of current expenses were as follows:

Subsistence	$102,488.57
Clothing	37,197.38
Extra-duty pay to inmates	46,283.70
Outdoor relief	19,938.10
Fuel for Home	31,548.11
Expenses of inmates at hospital at Fort Bayard	30,895.58
Total for these items	268,351.44

There are 79 beneficiaries who served in the war with Mexico, and 342 who served in the civil war.

Over one-half of the beneficiaries are Americans, about one-fifth Irish, and one-sixth German.

The ages of the resident inmates range from 22 to 89 years; 513 are from 60 to 89 years of age, and 303 have served from twenty to thirty-one years in the Army.

Two hundred and eighty-four of the inmates are employed as non-commissioned officers, clerks, electricians, kitchen and dining-room attendants, ward masters, gate keepers, laborers, etc., and the amount paid for such service to inmates amounted to $46,283.70.

Based on the actual running expenses of the Home (which do not include the amounts paid for outdoor relief, expense of inmates at Fort Bayard, etc.), the average cost per man per month was $27.78, of which amount $8.92 was for subsistence.

The attending surgeon reports that 749 patients were treated in the hospital; that the daily average was 155.82; that the average age of patients was 53.67 years; that 4,287 were treated at sick call, and that the ratio of deaths to 100 inmates per annum was 7.49.

The dentist's report shows that he treated 310 inmates, and that *the total number* of treatments given was 1,132.

In the general hospital at Fort Bayard, N. Mex., for the treatment of consumptives, 376 inmates of the Home have been treated during the past year at an expense to the Home of $30,895.58.

The treasurer's account of funds belonging to the inmate pensioners shows that he had on hand June 30, 1906, $46,736.76; that he received $150,082.05 during the year, and paid to pensioners and to legal heirs of deceased pensioners $152,686.16, leaving on hand deposited in the United States Treasury, as required by law, $44,132.65.

The pension money of the inmates is paid quarterly to the treasurer of the Home by the United States pension agent in this city and is held by the treasurer in trust. Under the supervision of the governor of the Home the treasurer pays to the pensioned inmates, monthly, part of their pension money. Of the 927 inmates present, 782 are receiving pensions ranging from $6 to $55 per month and 2 are receiving $100 per month.

Inmates not in receipt of pensions, now numbering 135, receive from the Home $1.50 per month as pocket money.

Under the authority granted by the act of Congress approved February 8, 1895, the Board directed that the "Asylum lot" near Pascagoula, Miss., purchased in 1853 for $5,000, and which has not been occupied by the Home since 1855, be sold at public auction. This was effected after due advertisment, under the direction of Maj. Henry Jervey, Corps of Engineers, stationed at Mobile, Ala., on March 30, 1907, for $9,350, and the money has been deposited with the Treasurer of the United States to the credit of the Home.

With the approval of the Secretary of War, the Board has authorized the construction of a small building for the isolation of patients suffering from infectious diseases, at an estimated cost of $16,000; the extension of the fence to close in the south and east boundary of the Home grounds, about 16,000 feet, at an estimated cost of $55,000; the erection of a small one-story and basement building, adjoining the hospital, to contain offices for the medical officers, dispensary, and storeroom, at a cost of $10,000; and the erection of additional greenhouses to meet the increased demands for plants and flowers for the hospital, funerals, and chapel, at an approximated cost of $16,000.

The following permanent improvements are being made at the Home, and when they are completed it is reasonable to expect that they will furnish, in modern buildings and conveniences, all that will be required for years to come:

A mess hall with dormitory accommodations for 400 men; a central heat, light, and power house, including a laundry and a refrigerating plant; additions to the hospital dining room and kitchen; an isolation pavilion for the treatment of infectious diseases; a guard house; an office building adjoining the hospital for the medical officers, dispensary, etc.; two sets of officers' quarters; additional greenhouses, and the construction of about 16,000 feet of fence to complete the inclosing of the Home grounds.

The act of Congress approved January 19, 1891, requiring the treasurer to keep the current funds on deposit in the Treasury of the United States, has been complied with, and all supplies for the Home that could be conveniently purchased by contract were so procured.

The library of the Home now contains 10,081 volumes. Thirteen

daily and 15 weekly papers and 23 monthly magazines are provided. The daily average number of books issued was 76.

The account of the farm and dairy shows that their maintenance has been beneficial to the Home, and that they have produced early and late vegetables and a better quality of milk than can be obtained by contract.

The general sanitary condition of the Home and grounds has been excellent throughout the year; the water supply and drainage are satisfactory, and there has been no prevalent or epidemic disease among the inmates.

The buildings, roads, and grounds have been kept in excellent condition, and the officers of the Home have performed their duties in a very satisfactory manner. The comfort of the inmates has received every attention, and especial care has been given to the food and clothing supplied, as well as to all other matters looking to the welfare and contentment of the inmates.

The following changes have occurred in the officers on duty at the Home during the year:

Brig. Gen. E. B. Williston, retired, was relieved from duty as deputy governor by Brig. Gen. William P. Rogers, retired, on March 1, 1907.

Maj. William H. Arthur, surgeon, U. S. Army, was relieved from duty as attending surgeon by Maj. William D. Crosby, surgeon, U. S. Army, on June 14, 1907.

Capt. John S. Sewell, Corps of Engineers, was relieved from duty as constructing officer by Brig. Gen. Crosby P. Miller, retired, on June 15, 1907.

It is due to the officers relieved from duty to place on record the appreciation of the Board for the very excellent and efficient service rendered by them to the Home.

The Board of Commissioners of the Soldiers' Home consists of the following-named officers:

Maj. Gen. F. C. Ainsworth, the Adjutant-General, president of the Board.
Brig. Gen. H. S. Hawkins, retired, governor of the Home.
Brig. Gen. G. B. Davis, Judge-Advocate-General.
Brig. Gen. R. M. O'Reilly, Surgeon-General.
Brig. Gen. C. F. Humphrey, Quartermaster-General.
Brig. Gen. Alexander Mackenzie, Chief of Engineers.
Brig. Gen. H. G. Sharpe, Commissary-General.

The officers of the Home are:
Brig. Gen. H. S. Hawkins, retired, governor.
Brig. Gen. William P. Rogers, retired, deputy governor.
Maj. H. M. Kendall, retired, treasurer.
Maj. William D. Crosby, Medical Department, attending surgeon.

Attention is respectfully invited to the report of the governor of the Home, which, with the accompanying papers (reports of the attending surgeon and treasurer of the Home), is required to be published with this report for distribution to the Army.

Very respectfully,

F. C. AINSWORTH,
Major-General, The Adjutant-General,
President Board of Commissioners.

The SECRETARY OF WAR.

EXTRA-DUTY MEN AND CIVILIAN EMPLOYEES.

Two hundred and eighty-four of the inmates are employed on extra duty as noncommissioned officers, clerks, janitors, electricians, kitchen and dining-room attendants, ward masters, waiters and nurses in hospital, carpenters and painters, assistant plumber, assistant blacksmiths, stable men, teamsters, gatekeepers, and as laborers on the roads and grounds and on the farm.

TUBERCULOSIS PATIENTS.

At the United States general hospital at Fort Bayard, N. Mex., for the treatment of consumptives, there have been admitted since last report, as inmates of the Home, 142 discharged soldiers—15 from the Home and 127 direct from the Army. One hundred and twenty-four former inmates of the Home have been readmitted and 248 have been discharged, 23 have died, 3 were returned to the Home, 1 was dismissed, and 1 was transferred to the Government Hospital for the Insane, Washington, D. C.

The total number of inmates of the Home treated there for the past year is 376.

The total number now remaining there is 100.

The expense of the Home on this account, including clothing and transportation, for the fiscal year amounted to $30,895.58.

DISCIPLINE.

The rules of discipline have been duly enforced.

ENTERTAINMENTS AT STANLEY HALL.

Entertainments were given at Stanley Hall during the autumn, winter, and spring at an expense, exclusive of light and heat, of $1,189.50.

THE BILLIARD, AMUSEMENT, SMOKING, AND READING ROOMS, MUSEUM AND LIBRARY.

These are kept in good order under charge of noncommissioned officers, and are constantly used and enjoyed by the men.

THE BAND.

The authorized strength of the band is 27. At present it consists of 1 leader, 2 inmates, and 21 civilians. In summer open-air concerts are given of an hour and a half—three at the main buildings and two at the hospital. In the winter concerts are given in the amusement hall. The band attends all entertainments in the amusement hall, memorial services, and all funerals at the cemetery.

RELIGIOUS SERVICES.

Roman Catholic and Episcopal services are held each Sunday in the chapel.

Funeral services for deceased inmates of the Roman Catholic faith are attended by the Roman Catholic chaplain, and of the deceased Protestant inmates by the Episcopal chaplain.

NEW BUILDINGS.

Work upon the new mess hall has been much delayed for reasons explained by the constructing officer to the Board of Commissioners.

Work in enlarging the dining room at the hospital will be completed within a short time.

The construction of the general power house and guardhouse is progressing satisfactorily.

Work upon two new sets of officers' quarters will begin soon.

THE HERD.

The herd consists of 2 bulls, 77 cows, 16 heifers, 18 calves.

The cows are grazed as much as possible. A large part of the available ground has to be used for growing ensilage corn and the ripening field grass must be harvested at proper times for hay. This leaves but small acreage available for grazing.

Endeavor has been made to increase the supply of milk to members of the Home by procuring cows of known pedigree.

The Holstein breed being renowned as milk-giving cows, authority was obtained and the veterinary surgeon was sent to purchase some of these from dealers of reputation. The attempt proved a surprise and a disappointment. A large percentage of Holstein cows examined proved to be infected with tuberculosis when subjected to the tuberculin test.

This forced a stop in buying, and it was fortunate that the discovery was so soon made. The cows bought were tested again after arrival at the Home, and 3 were then found to be infected. So of a total of 20 Holstein thoroughbreds bought because they had stood the tuberculin test 15 per cent afterwards proved to be infected.

The herd at the Soldiers' Home has been carefully tested every year, and any animal showing the least suspicion of disease has been killed. The dairy is kept scrupulously clean and sanitary, being given 98½ out of 100 points at an official inspection by the Department of Agriculture.

The inference is direct that these Holstein cows could not have contracted tuberculosis in such a short time at the Home dairy, but must have arrived having the germs of the disease in the system.

It has been asserted that some dealers, being advised of the coming of purchasers, will inoculate all the cows they intend to offer for sale, because such inoculation prevents any reaction when tested by the purchaser with tuberculin, and so the cows are pronounced free from tuberculosis.

Possibly this is not really the case, and there is no reason to suspect that such was done when cows were purchased for the Home.

To guard against it, however, the following offer has been made: The Home to test the cows at date of purchase; the cows to be tested again three months after arrival; all then shown to be infected to be returned at expense of dealer; all then standing the test to be paid for, with interest at 6 per cent advance upon original price asked.

This offer so far has invariably been declined by dealers.

To build the Home herd to needed size with milk-yielding pedigree stock will require some years if depending upon natural increase. It may become necessary to fill up the herd with ordinary cattle able to pay for their keep while waiting for natural growth from thoroughbred cows now on hand.

Respectfully,

H. S. HAWKINS,
Brigadier-General, U. S. Army, Governor.

The SECRETARY BOARD OF COMMISSIONERS SOLDIERS' HOME,
Washington, D. C.

DENTIST'S REPORT.

The following is a detailed report of work done for the fiscal year ending June 30, 1907:

Total number of patients treated	310	Bridges placed	4
Amalgam fillings inserted	53	Extractions	263
Phosphate of zinc fillings inserted	60	Nerves destroyed and roots filled	26
Phosphate of copper fillings inserted	8	Abscesses cured and roots filled	6
Gutta-percha fillings inserted	22	Abscess of antrum cured	1
Gold fillings inserted	5	Number of miscellaneous treatments	570
Artificial dentures inserted	81		
Artificial dentures repaired	28	Total number of operations performed	1,132
Crowns placed	5		

The general sanitary condition of the Home and grounds has been excellent throughout the year. The water supply and drainage are satisfactory, and there has been no prevalent or epidemic disease among the inmates.

Since last report the south section has been occupied and is now in excellent condition. The amusement room, fitted up with card and reading tables and a small billiard and pool table, is largely patronized and is a source of great comfort to the patients.

Work was commenced on connecting section in the fall and is now nearing completion. This will give much needed space in dining room and a large modern kitchen on third floor. In the basement a cold storage plant is to be installed, with refrigerating rooms, two in basement and one on third floor, and all ice necessary far water coolers and small refrigerators in diet kitchens will be made by this plant.

The water-closets and bath-tubs recommended for second floor of north section have been installed, are now in use, and add greatly to the convenience of the patients.

An isolation pavilion for infectious diseases and a small office building leading to connecting section have been authorized and will soon be started.

The work of the hospital runs smoothly, there appears to be no friction in any department, and the patients are well cared for. The clinical assistants and the superintendent perform their duties in a conscientious and attentive manner. The work and influence of the nursing sisters is very satisfactory.

Very respectfully,

W. D. CROSBY,
Major and Surgeon, U. S. Army, Attending Surgeon.

The GOVERNOR OF THE HOME.

REPORT OF THE TREASURER OF THE HOME.

REPORT OF THE INSPECTION OF THE SOLDIERS' HOME

WAR DEPARTMENT,
OFFICE OF THE INSPECTOR-GENERAL,
Washington, August 7, 1907.

SIR: The following report of an inspection of the Soldiers' Home, District of Columbia, made by me July 11, 12, 13, and 15, 1907, as required by the act of Congress approved March 3, 1883, is respectfully submitted. Mr. William T. Kent, expert accountant of the Inspector-General's Department, assisted me in the inspection of the accounts and disbursements of the Home.

GENERAL CONDITIONS.

The generally good conditions observed at the preceding inspection were still in evidence at this one, showing a continued strong and progressive administration.

OFFICERS.

The officers of the Home at the time of the inspection were: Governor, Brig. Gen. Hamilton S. Hawkins, U. S. Army, retired; deputy governor, Brig. Gen. William P. Rogers, U. S. Army, retired; constructing officer, Brig. Gen. Crosby P. Miller, U. S. Army, retired; secretary and treasurer, Maj. H. M. Kendall, U. S. Army, retired; surgeon, Maj. William D. Crosby, Medical Department, U. S. Army.

Since the preceding inspection Brig. Gen. Edward B. Williston, U. S. Army, retired, had been relieved as deputy governor, Maj. William H. Arthur, U. S. Army, as surgeon, and Capt. John S. Sewell, Corps of Engineers, U. S. Army, as constructing officer.

The officers of the Home are capable and zealous, and deserve praise for the efficient manner in which they perform their duties. They are adequately meeting the present needs of the Home, and providing for its future needs in a broad, liberal, and far-seeing manner.

POPULATION.

Officers and members present June 30, 1907, 931; absent, 405; total, 1,336; as against 1,372 for the previous year—a net loss of 36. Average number present during the year, 969; average number absent, 412; total average number present and absent, 1,381. The average number temporarily cared for was 30; and the total number cared for during the year was 1,978, as compared with 1,967 for the preceding year—an increase of 11.

The following is a detailed statement of the gains and losses in population:

Gains:		
By first admission	362	
By readmission	333	
		695
Losses:		
By discharge	460	
By dishonorable discharge	33	
By dropped from rolls	108	
By death	119	
By transfer to insane asylum	11	
		731
Net loss		36

At date of inspection the population of the Home was 939 present and 393 absent; total, 1,332. The absentees were accounted for as follows: On outdoor relief, 230; in insane asylums, 38; sick at Fort Bayard, 86; sick at Fort Huachuca, 1; with leave, 22; without leave, 2; suspended, 14.

Average age of members to June 30, 1907, 58.54 years, as against 60.15 for the year before—a decrease of 1.61 years. During the preceding six years the average age of members was as follows:

	Years.		Years.
1901	59.33	1904	59.50
1902	56.71	1905	58.85
1903	55.78	1906	60.15

At the present inspection the average age of those who served in the civil and prior wars was 71.30 years; of those who served in the Spanish and subsequent wars only, 43 years. For the preceding year these averages were 69 and 45 years, respectively.

One-hundred and ninety-six men who served in the Spanish and subsequent wars only were cared for during the year.

DISCIPLINE.

Apparently discipline is well maintained. The principal offenses were drunkenness and absence without leave. The total number of arrests was 205; of trials for drunkenness, 57; of trials for absence without leave, 65. The total number of members offending was 154 and the percentage of members offending to the average present was 8.61. Last year it was 11.25.

LIBRARY.

Volumes in the library on June 30, 1907, 10,081, of which 470 were added during the year. Ninety-four volumes had been transferred from the Home library to the hospital library. Number of books read or circulated during the year, 23,392; papers subscribed for, 28; none were furnished free. Periodicals subscribed for, 23; furnished free, 2.

BAND.

The average membership of the band was 20, of whom 18 were civilians and 2 were members of the Home. Total cost of the band for the year, including subsistence and other allowances of civilians, *0,955.72. Average* monthly compensation of leader, $75; of mem-*rs, $25; of civilians,* $33.85.

THEATER.

The expenses for performances in the theater during the year amounted to $1,189.50. For the preceding year these expenses were $1,199.75. No charges are made to anybody for admission to performances.

RELIGIOUS SERVICES.

There is one chapel, with a seating capacity of 200, in which religious services are regularly held by Roman Catholic and Episcopalian chaplains. The attendance ranges from 25 to 200 at each service. The chaplains each receive $95 per month, and, in addition to holding regular Sunday services, they hold special services on feast days, holidays, and memorial days. They also attend funerals and visit sick members.

RESERVATION, FARM, ETC.

The reservation consists of about 502 acres and there had been no changes in it since the preceding inspection. About 72½ acres are under cultivation as a farm, 28.8 acres as a garden for vegetables, and 25 acres for the production of ensilage.

The managers of the Home are justly proud of the dairy.

The average number of cows on hand has been about 80. They produced 46,370 gallons of milk, at a cost of about 20 cents a gallon. The price of milk per gallon by the quantity in Washington was 30 cents.

Value of farm stock on hand June 30, 1907, $9,829. It consists of 33 horses, 10 mules, 2 bulls, 77 cows, 16 heifers, and 18 calves.

On an average 25 men were employed on the farm and vegetable garden—2 members and 23 civilians.

Value of farm and vegetable products for the year:

Vegetables (produce)	$3,149.86
Vegetables and fodder fed to stock	2,313.25
Ensilage	1,325.00
Hay	4,140.50
Milk	9,274.00
Manure saved	1,532.75
Stock, sales, and increased value	3,063.31
Total	24,798.67

Value of farm, garden, and dairy products:

Turned into commissary, etc	17,889.36
Manure saved and issued to grounds	1,532.75
Fed to stock	2,313.25
Stock, sales, and increased value	3,063.31
Total	24,798.67

Cost of maintaining:

Farm and dairy	20,960.47
Balance to credit of farm and dairy	3,838.20
Total	24,798.67

BUILDINGS AND IMPROVEMENTS.

There are 5 barracks—3 of brick and 2 of stone. They were originally intended to accommodate an aggregate of 700 men, but have been increased to accommodate 800; and 727 were occupying them at the time of the inspection. The average dormitory air space per man is 1,396 cubic feet. There are 50 bath tubs in the barracks, giving an average of about 19 men to the tub. This appeared to meet reasonable requirements. The barracks also have 52 urinals.

There is one brick storehouse, in good condition.

The following improvements were in course of construction at the time of the inspection: New mess hall, central power plant, new guardhouse, alterations at hospital to improve messing facilities. Cost of improvements made during the year, $243,987.67. The following improvements were in contemplation: Two sets of officers' quarters, new fence to inclose the grounds, office and dispensary for hospital, addition to greenhouses. An addition to the dairy barn was made during the year.

The repairs (not construction) made during the year cost $11,390.86. They consisted largely of mechanics' services used in general repairs, including material purchased therefor.

The flagstaff in use is an inferior one and should be replaced by an iron flagstaff of the standard type.

GENERAL FUND.

The treasurer reports the following receipts and expenditures for the fiscal year, to wit:

	Receipts.	Expenditures.

It is shown by this statement that the balance in the Treasury to the credit of the permanent fund has increased $1,870,852.58 between October 1, 1894, and June 30, 1907, or more than 73 per cent. The increase in the income from the interest account has increased more than 65 per cent.

In view of the fact that the Home receives an ample revenue from other sources, the recommendation that has been made annually in these reports for a number of years past is again urged in this one—namely, that the law levying a tax of 12½ cents a month on the pay of every enlisted man in the Regular Army for the support of this Home be repealed. The income from this tax is not needed, and an unnecessary tax is ground for grievance. The ex-volunteer gets similar benefits without such enforced contributions.

During the year open-market purchases were made of butter, eggs, fresh fish, potatoes, apples, oranges, bananas, green peas, lentils, mince-meat, onions, and cabbage.

The following is a statement of the contract prices of the principal articles of food purchased during the fiscal year, with the total amount of each of the articles named that were bought during the entire year and its cost:

The number of employees authorized under the general fund was 467, that being also the average number employed daily. None worked without pay. The total pay of the employees for the year aggregated $125,093.87. This does not include the surgeon, whose services are not paid for by the Home. Since March 1, 1907, the deputy governor has received no salary from the Home. Last year there were 446 employees, at a total cost of $118,132.07

PER CAPITA COST.

The per capita cost of maintenance for the fiscal year was $333.40, as against $293.10 for the preceding year—an increase of $40.30. This cost, by items, with increase or decrease as compared with the preceding year, is shown in the following tabulation:

Subheads.	1906.	1907.	Increase.	Decrease.
Current expenses	$73.522	$71.496	.....	$2.026

Cost of administration for fiscal year.

Amount paid to commissioned officers	$5,562.85
Amount paid to clerical force	5,640.00
Amount paid for office expenses and supplies, telegrams, stationery, etc.	8,101.09
Cost of forage furnished to officers	657.01
Cost of furniture, repairs, etc., to officers' quarters and office buildings	1,446.26
Total	21,407.21

The expense given above for clerical force does not include the clerks in the construction office, whose pay is a part of the cost of the new structures—permanent improvements.

PENSION FUND.

The following is a statement of the pension fund transactions for the year:

Amount due pensioners July 1, 1906		$46,736.76
Amount received during the year		150,082.05
Total		196,818.81
Paid out, currency	$116,750.39	
Paid out, checks	33,791.40	
Amount escheating to Home Fund	2,144.37	
		152,686.16
Balance due pensioners July 1, 1907		44,132.65

There were 989 pensioners on the rolls on June 30, 1907, an increase of 6 from the preceding year. They were drawing pensions ranging in amount from $6 to $100 a month, only two receiving the larger sum. One hundred and thirty-five of them had balances of less than $100 to their credit, 78 had $100 and less than $500, 11 had $500 and less than $1,000, and 8 had $1,000 or more.

One clerk is employed on pension business, at a salary of $480 a year, paid from Home funds.

RECAPITULATION OF RECEIPTS AND EXPENDITURES.

Balance June 30, 1907		80,246.46
Total		869,487.44

MONEY ACCOUNTS.

An inspection was made of the books and accounts of the treasurer, Maj. H. M. Kendall, which were found in admirable condition. The balance due, $80,246.46, was all on deposit with the Treasurer of the United States, except the sum of $125.67, cash on hand.

It is recommended that a more complete system of property accountability be instituted; that the accountability now divided among several officers be consolidated so as to have but one accountable property officer; that these records be divided into two classes—durable (or permanent), and perishable (or temporary).

Under Article V of the Regulations of the Soldiers' Home the governor is required to approve all expenditures by the treasurer. The volume and amount of these expenditures has of late been largely increased. It is recommended that a competent civilian clerk be employed under the governor as an auditor. The auditor should not be subject to the control or direction of the treasurer. He should examine all bills before they are ordered to be paid, scrutinize all

requisitions before they are approved, and check and compare such other records, reports, and returns as may be indicated by the governor.

The many and varied duties and the large increase in the amount of his accountability demand, in my opinion, that the treasurer should have better clerical force. While it may appear to be more economical in point of money expenditure to employ inmates of the Home for such work, their responsibility and capacity are limited, and they should be reenforced by men who are dependent for their living on steady employment. It is therefore recommended that an additional civilian clerk be allowed the treasurer, to be designated the property clerk.

QUARTERMASTER AND COMMISSARY.

Value of quartermaster and commissary stores on hand July 1, 1907	$28,160.00
Received by purchase during the year	5,297.10
Total	33,457.10
Dropped by inspector	2,965.25
Balance on hand June 30, 1907	30,491.85

CLOTHING ACCOUNTABILITY.

Value of clothing on hand July 1, 1906 (new)	$10,322.63
Purchased during year	37,107.87
Total	47,430.50
Issued to members during year	35,752.94
Balance on hand June 30, 1907	11,677.56

During the year $9,130.27 was expended for laundry work—an average of $9.46 per member.

MESSING.

The food furnished the old soldiers is excellent, and appears to give the utmost satisfaction. The bill of fare for the week ending June 30, 1907, given herewith, indicates that care is taken to give the men tempting, palatable, and nutritious food:

June 24: Breakfast—Fried sirloin steak with onions, bread, butter, and coffee. Dinner—Bean soup, boiled corned beef and cabbage, boiled potatoes, bread, coffee, and milk. Supper—Cold sliced ham, lettuce salad, peach cobbler, bread, butter, and tea.

June 25: Breakfast—Cream of wheat and milk, corned beef hash, bread, butter, and coffee. Dinner—Chicken giblet soup with okra, stewed lamb and hot biscuits, steamed new potatoes, green peas, bread, coffee, and milk. Supper—Potatoes au gratin, pickled pigs' feet, bread, butter, and tea.

June 26: Breakfast—Blackberries and milk, boiled eggs, bread, butter, and coffee. Dinner—Vegetable soup, baked pork and beans, browned potatoes, kohl rabi, bread butter, coffee, and milk, blackberry pie. Supper—Frankfurt sausage, hot slaw, cottage pudding, bread, butter, and tea.

June 27: Breakfast—Hamburger steak, boiled potatoes, bread, butter, and coffee. Dinner—Cream of onion soup, boiled mutton, mashed potatoes, young turnip greens, bread, coffee, and milk. Supper—Fried salt pork with cream gravy, stewed prunes, bread, butter, and tea.

June 28: Breakfast—Fried mush with sirup, scrambled eggs, bread, butter, and coffee. Dinner—Clam chowder, baked codfish, mutton stew, mashed potatoes, kidney beans, bread, coffee, and milk. Supper—Deviled crabs, hash-browned potatoes, dressed lettuce, bread, butter, and tea.

June 29: Breakfast—Fried bacon, boiled potatoes, bread, butter, and coffee. Dinner—Mutton broth, roast beef and gravy, browned potatoes, stewed corn, bread, coffee, and milk. Supper—Bologna sausage, preserved blackberries, bread, butter, and tea.

June 30: Breakfast—Blackberries and milk, roast-beef hash, bread, butter, and coffee. Dinner—Potage Carmelite aux croûtons, roast beef, brown gravy, kohl rabi, mashed brown potatoes, custard pie, bread, coffee, and milk. Supper—Chipped beef in cream, baked potatoes, citron pound cake, bread, coffee, and milk.

The average cost of the ordinary ration, per man per day, including vegetables, fruit, and milk produced on the Home grounds, was 27.1 cents; of the hospital ration, including extra diet, 37 cents. Last year these averages were 25 and 35.2 cents, respectively.

The chief cook and chief baker are civilians, with compensations, respectively, of $90 and $70 per month. During the year 13 men were employed in the kitchen and 32 in the dining hall, on an average. The dining hall seats 710 men.

The garbage is given to the garbage collector of the District of Columbia for taking it away, and no record is kept of it.

Value of subsistence stores on hand June 30, 1907, $490.65. None were condemned during the year.

ENGINEER DEPARTMENT.

The water supply is received from the Washington city waterworks, and is satisfactory. The sewerage is connected with the sewerage system of Washington city.

The steam plant consists of 10 boilers—7 in the power house, 2 in the pump house, and 1 in the fan house. It is used for heating, lighting, pumping, and cooking. Its maintenance for the fiscal year, not including fuel, cost $14,193.31.

The lighting plant consists of 6 generators—2 of 220 volts and 2 of 110 volts. The cost of its maintenance for the year, not including fuel, was $4,192.19. There are 8 arc lights, 2,856 incandescent lights, and 2,000 gas lights.

An ice plant, to be placed in the new mess hall, is in course of construction. Ice used during the year cost $4.80 a ton.

FIRE DEPARTMENT.

The protection against fire consists of reel and hose carriages, in connection with the Washington City fire department. The fire organization consists of 13 men, all members of the Home. The apparatus is tested weekly. Fire drills are also held at the dairy for the instruction of the dairymen, in case of a fire there. There were no fires at the Home during the year.

HOSPITAL.

The hospital has a capacity for 180 patients, which can be expanded to 210 in case of necessity. At the time of the inspection it contained 147 patients. There are no special quarters for convalescents.

During the year the daily average number of patients in hospital was 155.82, and 11.74 at sick call. The total number admitted during the year was 609, as against 536 for the preceding year.

The principal diseases and cases of each were: Alcoholism, 86; general debility, 54; disease of lungs, 66; disease of stomach, 41; disease of heart, 37; disease of kidneys, 26; rheumatism, 38.

Total deaths during the year, 119—72 in hospital and 47 elsewhere—as against 98 for the previous year. Causes of death: Diseases of kidney, 25; diseases of heart, 9; diseases of stomach and liver, 3; diseases of spinal cord, 3; diseases of lungs, 14; cancer, 8; osteomyelitis, 1; cerebral hemorrhage, 1; erysipelas, 3; hydrophobia, 1; suicide, 3; homicide, 1. The causes of the death of those who died elsewhere than in the hospital are not known.

Death rate per thousand of the average number of members present and absent, 86.42. Last year it was 71.43.

Seventy-one members were buried in the Home cemetery during the year. The capacity of the cemetery and the total number buried there are said to be unknown.

Average number of employees, 63 members, 8 civilians, 11 female nurses. Their aggregate cost for the year was $22,227.15.

Expended for drugs during the year, $3,782.05; for appliances, $255.90.

Respectfully submitted.

J. G. GALBRAITH,
Acting Inspector-General of the Army.

The SECRETARY OF WAR.

19	Sets arrows, with rivets	1.18	22.42
1	Counterweight, hand	5.68	5.68
27	Counterbalance devices	205.60	5,551.20
1	Direction plate, with screws	.67	.67
2	Filler pieces, for subcaliber loading platform	.83	1.66
40	Fiber gaskets, for throttling plugs	.20	8.00
20	Fiber gaskets, for equalizing pipes	.20	4.00
1	Set gaskets, small	.75	.75
2	Sets gaskets, large	.91	1.82
6	Loading platforms	303.76	1,822.56
6	Lanyards, for lanyard attachments	.88	5.28
1	Pawl stud, for retraction	10.76	10.76
2	Pawl springs, for lanyard attachment	3.25	6.50
1	Retracting gear wheel	69.96	69.96
8	Retaining catches, for retraction cranks	4.03	32.24
2	Sight-holder shoes	1.88	3.76
2	Spiral springs, for lanyard attachments	3.00	6.00
6	Tap bolts, for subcaliber loading platform	.26	1.56
2	Sets taper pins	3.73	7.46
	Accessories:		
3	Box wrenches, for drain plugs	3.24	9.72
2	Cylinder-head extractors	2.00	4.00
	For 12-inch disappearing carriage, model of 1897.		
23	Sets arrows, with screws	7.26	166.98
1	Bushing with pin, for traversing bracket	33.33	33.33
26	Sets conduits, wiring, etc., for retracting, firing, and lighting cables	326.94	8,500.44
35	Covers for piston-rod brackets, with necessary screws and lead strips	1.75	61.25
1	Cover plate, for left piston-rod bracket	.85	.85
3	Caster stems and yokes, forged steel "B" experimental	30.00	90.00
1	Cam muzzle, right, for traversing controller stop	14.28	14.28
12	Elevation disks and pointers	174.45	2,093.40
1	Elevating spur pinion and key	13.85	13.85
83	Sets flexible armored conduit, with sleeves and nuts for counterweight wells	38.34	1,265.22
25	Firing pistols	33.45	836.25
25	Firing pistol brackets	4.10	102.50
1	Firing leaf cord, and 1 reel cord, for lanyard	2.95	2.95
23	Graduation strips, for crossheads	1.10	25.30
6	Graduation strips, with arrows and screws	5.74	34.44
6	Hand weights	6.08	36.48
1	Intermediate shaft	8.15	8.15
11	Loading platforms	224.70	2,471.70
1	Lever base for safety-firing switch	6.14	6.14
24	Oil tubes, with straps, bolts, and plugs	1.56	37.44
1	Pin for elevating spur pinion	1.20	1.20
25	Safety-firing switches	52.31	1,307.75
1	Shipper rod	20.16	20.16
1	Shipper handle	12.35	12.35
3	Screws, ⅝-inch, c. s., special, 2¼ inches long, with nuts	.85	2.55
5	Screws, ¾-inch, c. s., special, 2¾ inches long, with nuts	.89	4.45

1	Traversing intermediate bevel gear, with friction arrangement	199.81	199.81
1	Traversing pinion shaft, with collars, keys, and nuts	99.92	99.92
1	Tipping arm, with rivets	19.58	19.58
	Accessories:		
1	Former for bending trays	32.77	32.77
	For 12-inch disappearing carriage, L. F. model of 1901.		
1	Arc for traversing controller stop	20.37	20.37
1	Azimuth indicator	301.05	301.05
1	Bracket, with bolts for Rohen reflecting sight	100.23	100.23
5	Elevation disks and pointers	174.45	872.25
1	Firing pistol bracket	3.76	3.76
33	Hand counterweights	5.03	165.99
1	Hinge clamp, bronze, for traversing controller cover	3.70	3.70
1	Junction box "Bc" and pipe to azimuth pointer	26.06	26.06
5	Loading platforms	194.53	972.65
500	Marking plates, with pins for terminal boxes for base V 502 (for 10 or 12 inch, 1901)	.05	25.00
4	Pawl springs	4.71	18.84
1	Roller lift hook	2.70	2.70
1	Socket, vulcanized fiber	1.52	1.52
4	Supports for switches	3.88	15.52
6	Screws for counterrecoil buffers	.59	3.54
	For 12-inch rifles.		
	For ammunition trucks:		
60	Brakes	21.75	1,305.00
7	Casters	8.46	59.22
1	Handle, wood part	3.60	3.60
6	Stop supports	1.37	8.22
36	Rivets, round-head, ¼-inch	.01	.36
221	Tray supports, with rivets	2.82	623.22
	For dummy projectiles:		
6	Bases	14.50	87.00
8	Plungers	.15	1.20
6	Screws for front bands	.14	.84
300	Springs (for 12-inch rifle or mortar)	.25	75.00
	Implements:		
2	Extension handles, rear, for sponges and staves	4.96	9.92
4	Keys and chains for sponge staves	1.32	5.28
12	Keys and chains for special bore sponge staves	1.32	15.84
2	Rammer heads, old design	3.75	7.50
7	Sponges and staves, bore	34.82	243.74
7	Sponges and staves, chamber	33.82	236.74
3	Wooden parts, middle section, of sponge staves	4.96	14.88
1	Sponge staff, wood part, for special bore sponge	3.97	3.97
1	Slush brush, with handle	8.50	8.50
	PART 1—CLASS 1—SECTION 2.		
	For 15-pounder Driggs-Seabury masking parapet mounts, model of 1898.		
11	Counterweight chains	10.30	113.30
3	Chain wheels for operating shaft	6.01	18.03
8	Electric-light pin plugs	.59	4.72
3	Sets gaskets	.49	1.47
4	Sets gaskets for rear cylinder head	1.00	4.00
1	Hook for assembling indicator drum	1.21	1.21
1	Pivot clamping lever, with set screw	6.56	6.56
1	Pivot clamping wedge	1.34	1.34
2	Pivot socket clamp bolts	1.85	3.70
3	Pivot socket clamp screw bolts	1.45	4.35
12	Pivot clamp wedge bolts	2.74	32.88
1	Ratchet-wheel pin	1.48	1.48
4	Shield braces, 2 upper, 2 lower	23.02	92.08
4	Split pins	.03	.12
1	Split pin for ratchet chain-wheel pin	.03	.03
4	Special nuts for shield braces	1.22	4.88
4	Special nuts for bolts, and 4 split pins	1.25	5.00
1	Washer for pocket chain-wheel pin	.52	.52
4	Wooden shoulder pieces	6.08	24.32
	Accessories:		
4	Cover: plate screws for reversible ratchet wrench	.70	2.80
1	Spring for ratchet wrench	1.92	1.92
1	Wrench for assembling indicator drum	1.81	1.81

PROCEEDS OF PUBLIC PROPERTY DURING 1907 NOT PAID INTO GENERAL TREASURY.

LETTER FROM THE SECRETARY OF THE TREASURY, TRANSMITTING A COPY OF A COMMUNICATION FROM THE ACTING SECRETARY OF WAR, SUBMITTING STATEMENT OF PROCEEDS OF SALE OF PUBLIC PROPERTY, ETC.

DECEMBER 3, 1907.—Referred to the Committee on Ways and Means and ordered to be printed

---

TREASURY DEPARTMENT,
OFFICE OF THE SECRETARY,
Washington, December 2, 1907.

SIR: In compliance with section 5 of the sundry civil appropriation act approved June 30, 1906 (34 Stat., p. 763), I have the honor to transmit herewith copy of a communication from the Acting Secretary of War of August 19, 1907, submitting statements of all moneys arising from proceeds of public property during the fiscal year ended June 30, 1907, which were not paid into the General Treasury, together with statements of all payments made from such funds during the same year.

Respectfully,

GEORGE B. CORTELYOU,
Secretary.

The SPEAKER, HOUSE OF REPRESENTATIVES.

WAR DEPARTMENT,
Washington, August 19, 1907.

SIR: In accordance with the provisions of section 5 of the act of Congress approved June 30, 1906 (pamphlet laws, Fifty-ninth Congress, first session, 763), I have the honor to transmit herewith reports of the Acting Chief of Engineers, the Chief of Ordnance, the Acting Surgeon General, the Acting Commissary General, and the Chief Signal Officer, United States Army, furnishing the information called for by said law.

The other bureaus and officers of the Department report that all moneys derived from proceeds of public property of any kind, or from any source, received during the fiscal year 1907 have been paid into the General Treasury of the United States.

Very respectfully,

ROBERT SHAW OLIVER,
Acting Secretary of War.

The SECRETARY OF THE TREASURY.

WAR DEPARTMENT,
OFFICE OF THE CHIEF OF ENGINEERS,
Washington, July 27, 1907.

SIR: I have the honor to submit the following statement of "Proceeds of public property" pertaining to the Engineer Department for the fiscal year 1907, which were not paid into the General Treasury of the United States, required by section 5 of the sundry civil act dated June 30, 1906:

August, 1906, sale of blueprints by Maj. F. R. Shunk, Jacksonville, Fla., credited to appropriation "Improving Hillsboro Bay, Fla." Authority, section 5, river and harbor act, June 13, 1902	$1.10
July, 1906, sale of coal by Lieutenant-Colonel Marshall, New York, N. Y., to civilian employees stationed at points inaccessible to market; credited to appropriation "Sea wall at Sandy Hook, N. J.," as a reimbursement	8.15
July, 1906, amount received by Maj. Thos. L. Casey, St. Louis, Mo., for value of coal used by the St. Louis Basket and Box Co.; credited to appropriation "Improving Mississippi River from mouth of Ohio River to Minneapolis, Minn.," as a reimbursement	3.00
August, 1906, sale of blueprints by Lieut. Col. S. W. Roessler, Portland, Oreg.; credited to appropriation "Improving Columbia and Lower Willamette rivers, below Portland, Oreg." Authority, section 5, river and harbor act, June 13, 1902	15.60
June, 1907, sale of engineer property by Maj. C. S. Riche, Chicago, Ill.; credited to appropriation "Ilinois and Mississippi Canal." Authority, section 5, river and harbor act, June 13, 1902	150.25
August, 1906, sale of subsistence supplies by Capt. E. H. Schulz, Guantanamo, Cuba	106.00
September, 1906, sale of subsistence supplies by Capt. E. H. Schulz, Guantanamo, Cuba	112.00

The supplies were sold to Government employees for mess purposes, and proceeds were credited to the appropriation "Fortifications in insular possessions," as a reimbursement for the value of the supplies. The location was remote from market facilities.

2. The accounts of Lieut. Col. John Millis and Lieut. C. H. Knight, Manila, P. I., and Capt. C. W. Otwell, Honolulu, for June, 1907, have not been received. If they show items that were not deposited, a supplemental report will be rendered.

3. The items credited to the appropriations stated were added to the balances in the hands of disbursing officers, and held for general purposes of the appropriations, so that it is impracticable to state the particular purpose to which each item was applied.

Very respectfully,

SMITH S. LEACH,
Acting Chief of Engineers.

The SECRETARY OF WAR.

WAR DEPARTMENT,
OFFICE OF THE CHIEF OF ORDNANCE,
Washington, August 15, 1907.

SIR: 1. Referring to section 5 of the act making appropriations for sundry civil expenses of the Government for the fiscal year ended June 30, 1907, approved June 30, 1906, I have the honor to submit herewith statement showing all moneys received during the fiscal year ended June 30, 1907, which were not paid into the General Treasury of the United States, together with a detailed account of all payments made from such funds during the same year, viz:

Very respectfully,

WILLIAM CROZIER,
Brig. Gen., Chief of Ordnance, U. S. Army.

The SECRETARY OF WAR.

WAR DEPARTMENT,
OFFICE OF THE SURGEON-GENERAL,
Washington, July 24, 1907.

SIR: In compliance with section 5 of the sundry civil act approved June 30, 1906 (34 Stat., 763), I have the honor to submit the following statement, based upon settlements and verified deposits of record in this office June 30, 1907, showing moneys arising from proceeds of public property or other sources under the control of the Surgeon-General during the fiscal year 1907, which were not paid into the general treasury, but were credited to the appropriations designated below and held for disbursement thereunder:

LIBRARY, SURGEON-GENERAL'S OFFICE, 1906.

[Act of March 2, 1905, 33 Stats., 839.]

Refundment on account of erroneous payment by medical disbursing officer for books and periodicals $0.74

MEDICAL AND HOSPITAL DEPARTMENT, 1905.

[Act of April 23, 1904, 33 Stats., 272.]

Refundments during the year ($15 on account of an erroneous payment by a medical disbursing officer for services, and $58.05, the amount of a disbursing officer's depositary balance representing certain outstanding checks, which was covered into the appropriation upon settlement by the accounting officers with the owner of the checks, the latter having been lost) $73.05

MEDICAL AND HOSPITAL DEPARTMENT, 1906.

[Act of March 2, 1905, 33 Stats., 838.]

Refundments on account of Army medical supplies transferred:	
1. To the Isthmian Canal Commission	$18,006.57
2. To the Bureau of Immigration	648.55
3. To the Marine Corps	88.56
4. To States and Territories for the use of the organized militia	117.94
Refundment on account of supplies issued for the relief of sufferers from earthquake and conflagration on the Pacific coast	11,317.91
Refundments on account of erroneous payments by disbursing officers	253.78
Refundments on account of payments by disbursing officers which were cancelled by reason of the creditors' failure to appear to receive the same	166.40
Refundments on account of collections from carriers and others for medical property lost, destroyed, or damaged	223.49
Total	30,823.20

MEDICAL AND HOSPITAL DEPARTMENT, 1907.

[Act of June 12, 1906, 34 Stats., 255.]

Refundments during the year on account of disbursing errors $171.91

The funds so arising as above having been merged in the general appropriations designated, I have no means of distinguishing payments therefrom from payments made out of the amounts originally appropriated. As a matter of fact, the balances on hand June 30 under "Library, Surgeon-General's Office, 1906" ($355.29), "Medical and hospital department, 1905" ($381.34, which will, it is presumed, eventually be carried into the surplus fund as of that date, notice of such disposition thereof not, however, having yet been received in this office), and "Medical and hospital department, 1907" ($50,244.20), all exceed the amounts in question, and may be deemed fairly to include the same and to warrant the report that no payments therefrom have been made. But such is not the case under "Medical and hospital department, 1906," where the balance ($6,751.93) is much less than the amounts accruing as above, a portion of which at least have therefore necessarily been expended. Such expenditures are a part of and comprised in the total payments during the fiscal year from this appropriation as follows:

Expenses of medical supply depots	$285.57
Medical supplies	132,857.63
Medical attendance and medicines (except at recruiting stations)	2,342.43
Medical expenses of recruiting (including medical attendance and medicines at recruiting stations)	834.55
Pay of nurses	23.33
Pay of other employees	2,233.20
Washing of hospital linen	1,989.39
Expressage	34.73
Notary fees	.72
Gas and electricity for medical apparatus	17.25
Total	140,636.80

The act of June 12, 1906 (34 Stats., 256), enacted—

"That hereafter all moneys arising from dispositions of serviceable medical and hospital supplies authorized by law and regulation shall constitute one fund on the books of the Treasury Department, which shall be available to replace medical and hospital supplies throughout the fiscal year in which the dispositions were effected and throughout the following year."

The fund so established and created is carried under the title "Replacing *medical supplies*" for the proper two-year period. The first year of its operation exhibits debits and credits as follows:

REPLACING MEDICAL SUPPLIES, 1907-8.

Debits, amounts accruing to this fund—

B. Treasury settlement reimbursing State for supplies returned by latter	80.00
C. Transfer by Treasury settlement to adjust appropriations	2.60
D. Balance on hand June 30, 1907, available for payments on account of supplies purchased or to be purchased during the fiscal years 1907 and 1908	49,636.05
Total credits	52,082.41

I should add for the complete understanding of this report that the amounts taken up above as "arising" during the fiscal year 1907 are for the most part merely bookkeeping debits on the books of the Treasury Department made in the adjustment of accounts between the several branches of the public service concerned and the appropriations granted by Congress for their support. Actual cash receipts are comparatively a small constituent of these funds.

Very respectfully,

V. HAVARD.
Assistant Surgeon-General, U. S. Army,
Acting Surgeon-General.

The SECRETARY OF WAR.

WAR DEPARTMENT,
OFFICE OF THE COMMISSARY-GENERAL,
Washington, July 22, 1907.

SIR: In compliance with the requirements of section 5 of the act of Congress approved June 30, 1906, I have the honor to submit the following statement, viz:

Total of all moneys arising from proceeds of subsistence supplies, as shown by all accounts received, pertaining to the fiscal year 1907	*$2,308,813.15

*This amount does not include money received in the Philippine Islands and Alaska during the months of May and June, accounts from which places, owing to their great distance and the time thereby consumed in transit, not having been received, but does include all moneys received in the United States, Cuba, and Porto Rico to June 30, 1907.

Expenditures:	
Purchase of articles of the ration	$975,930.08
Purchase of articles for sales	220,449.62
Purchase of property	6,120.99
Purchase of ice	27,450.40
Payment of savings	456,225.20
Payment of commutation of rations	278,261.53
Payment of extra-duty pay	27,641.35
Payment of salaries	164,750.75
Amount transferred to disbursing officers and to United States depositories, expenditures of which will in part be made under section 3692, Revised Statutes, and balance as unexpended part of appropriation	[6] 151,983.23
	2,308,813.15

Very respectfully,

W. H. HART,
Major, Commissary, U. S. Army,
Acting Commissary-General.

The SECRETARY OF WAR.

WAR DEPARTMENT,
OFFICE OF THE CHIEF SIGNAL OFFICER,
Washington, June 11, 1907.

SIR: Pursuant to an act of Congress approved June 12, 1906, providing—

"That of the receipts of the Washington-Alaska military cable and telegraph system that have been covered into the Treasury of the United States the sum of one hundred and seventy-nine thousand dollars be, and the same is hereby, made available for defraying the cost of such extensions and betterments of the system as may be approved by the Secretary of War, the extent of such extensions and the cost thereof to be reported to Congress by the Secretary of War,"

I have the honor to report that this money has been expended as follows:

Appropriation	$179,000.00
Expended:	
248 miles submarine cable, Ketchikan extension	131,412.73
New equipment for the betterment of the Nome-St. Michael wireless-telegraph section and duplicate cable instruments for Seattle-Sitka offices	1,517.80
Instruments and office equipment for new offices on the Ketchikan extension	756.87
For the installation of new cable machinery and the purchase of new gear for United States cable ship *Burnside*	8,288.15
For the payment of salaries of the cable staff and incidental expenses of the United States cable ship *Burnside* while preparing for and laying the cable on the Ketchikan extension	7,118.93
Supplies purchased for the Gakona-Delta cut-off and other betterments to the Alaskan cable and land lines systems	5,943.38
For the purchase of material and employment of labor in Alaska for the Gakona-Delta cut-off and other betterments to Alaskan land lines	21,799.14
Equipment purchased to be used in the installation of wireless telegraph stations at Circle City and Fairbanks, Alaska	2,163.00
	179,000.00

Very respectfully,

JAMES ALLEN,
Brigadier-General,
Chief Signal Officer of the Army.

The SECRETARY OF WAR.

DISBURSEMENTS TO COLLEGES OF AGRICULTURE AND MECHANIC ARTS, 1908

LETTER FROM THE SECRETARY OF THE INTERIOR, SUBMITTING A STATEMENT OF DISBURSEMENTS TO COLLEGES OF AGRICULTURE AND MECHANIC ARTS

DECEMBER 3, 1907.—Referred to the Committee on Agriculture and ordered to be printed

---

DEPARTMENT OF THE INTERIOR,
Washington, December 2, 1907.

SIR: Pursuant to section 5 of an act of Congress approved August 30, 1890, entitled "An act to apply a portion of the proceeds of the public lands to the more complete endowment and support of the colleges for the benefit of agriculture and the mechanic arts, established under the provisions of an act of Congress approved July 2, 1862," I have the honor to submit herewith a report of the disbursements for the fiscal year ending June 30, 1908, made in the States and Territories under the provisions of that act and of an act of Congress approved March 4, 1907, entitled "An act making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1908," which provides for an increase in the annual appropriations for the colleges of agriculture and the mechanic arts made by said act of August 30, 1890.

The prescribed reports having been received from the several institutions benefited by this endowment, on June 20, 1907, the Acting Secretary of the Interior certified to the Secretary of the Treasury the following States and Territories as each entitled to receive the nineteenth installment of the grant, $30,000, for the fiscal year ending June 30, 1908: Alabama, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, and Wyoming.

The total amount paid out each year by the Government to the States and Territories under these acts from their enactment to and including the installment for the year ending June 30, 1908, is as follows:

1890	$660, 000	1901	$1, 200, 000
1891	704, 000	1902	1, 200, 000

1893	864, 000	1904	1, 200, 000
1894	912, 000	1905	1, 200, 000
1895	960, 000	1906	1, 200, 000
1896	1, 008, 000	1907	1, 200, 000
1897	1, 056, 000	1908	1, 440, 000
1898	1, 104, 000		
1899	1, 152, 000	Total	20, 242, 000
1900	1, 200, 000		

I have the honor to be, sir, very respectfully,

JAMES RUDOLPH GARFIELD,
Secretary.

The SPEAKER OF THE HOUSE OF REPRESENTATIVES.

O

DECEMBER 12, 1907.—Referred to the Committee on Expenditures in the Post-Office Department and ordered to be printed.

OFFICE OF THE POSTMASTER-GENERAL,
Washington, D. C., December 12, 1907.

SIR: I have the honor to transmit herewith, in compliance with the requirements of section 2 of the act of March 17, 1882 (22 Stat. L., 30), as amended, a tabular statement showing in detail the claims of postmasters for reimbursement for losses of money-order and postal funds, which have been acted upon by the Postmaster-General during the fiscal year ended June 30, 1907, the amounts claimed, amounts allowed, disallowances, causes of loss, etc.

Respectfully,

G. V. L. MEYER,
Postmaster-General.

a This work was urgent, navigation having been obstructed by deposit of sediment in the channel, caused by freshets, and the contract could not be awarded this party on account of the time stated for starting the work.

b Under date of September 24, 1906, a contract was entered into with this individual for urgent work in Deep Creek, Va., and the terms of the contract required that work be commenced within 10 days; up to this time his plant has not arrived in the said creek. His bid on this work was based upon his being allowed additional time to commence work at Deep Creek, sufficient to enable him to complete the work contemplated under this proposal.

REMARKS.

Amounts stated by bidder in proposal.

No. 1. Proposal is made conditional upon both Texas City Channel and Port Bolivar Channel being awarded together. Work to be done with dredge *Washington*, beginning any time after date of receipt of contract, provided work may be suspended on Buffalo Bayou for three months for Texas City Channel and three months for Port Bolivar Channel.

No. 2. Will commence work on Texas City Channel on completion of Fort Crockett fill and complete it within four months after date of starting. Will commence work on Port Bolivar Channel on completion of Texas City Channel or Fort Crockett fill and complete it four months after date of starting.

No. 3. Proposal for Houston Ship Channel (Houston division) is based upon the Government allowing full pay on a cross section of not less than 65-foot bottom width and a depth of not less than 8 feet, and on furnishing all plant necessary to do the work; also the total elimination of paragraph 44 of specifications, and that they be allowed to commence work on lower end of channel and work towards Main street, Houston, Tex.

No. 4. Proposal is based upon: (1) Being allowed to drive a row of piling on each side of the channel to be used as mooring piles, piles to be removed after they have served their purpose. (2) As it will be necessary to employ a stationary hydraulic dredge for handling a portion of the material, desires the privilege of depositing material to the westward of the proposed channel where same can and will be removed by hopper dredges; the location of this spoil area to be as close to the channel as hopper dredges can reasonably work in removing same. (3) Wishes the privilege of placing a portion of the excavated material behind the harbor lines at Port Bolivar, provided proper arrangements can be made for same; the balance to be taken away and deposited upon the island of Galveston by the use of hopper dredges, which he proposes to use upon this work.

Contract for dredging Texas City Channel and Port Bolivar Channel awarded to No. 1 as a whole.

Contract for dredging Houston Ship Channel (Houston division) not awarded, as proposal considered excessive.
